Safety Beyond the Gear

Minimize Risk by Maximizing Well-being

Accidents don't have to happen, especially those caused by worker fatigue or an employee's poor mental health. Learn how to support workers and prevent avoidable accidents.

More Than Vanity

Personalize Your PPE for More Comfort and Safety

One-size-fits-all safety gear is no longer the approach to keeping workers safe. PPE that offers greater customization and modularity is the new way to ensure workers stay comfortable and protected all day.

Summer Smoke, Smog and Dust

Outdoor summer work presents many respiratory hazards. **Poor air quality and ongoing forest fires** are posing additional challenges.

N95 Respirator Face Masks are a great option to protect workers from a variety of particulate matter.

- Drywalling
- Sanding
- Masonry
- Landscaping
- Painting
- Smoke and Smog
